Re: Remedial State Legislative Plans

Dear Lieutenant Governor Hosemann, Speaker White, Senators Kirby and Simmons, and Representatives Sanford and Johnson:

Last July, a unanimous three-judge federal district court held that Mississippi’s 2022 State House and State Senate redistricting plans violated Section 2 of the Voting Rights Act (“VRA”).¹ To remedy the vote dilution proven at trial, the Court envisioned a remedial plan that “creates three new majority-minority districts”—two additional Black-majority Senate districts in the DeSoto County and Hattiesburg areas, respectively, and one additional Black-majority House district in the area of Chickasaw and Monroe Counties.²

On behalf of the Plaintiffs in that lawsuit—the Mississippi State Conference of the NAACP as well as individual Black voters—we submit the attached Proposed Senate and House Plans.³

¹ *Mississippi State Conf. of Nat’l Ass’n for Advancement of Colored People v. State Bd. of Election Commissioners*, --- F. Supp. 3d ---, No. 3:22-CV-734-DPJ-HSO-LHS, 2024 WL 3275965, at *53 (S.D. Miss. July 2, 2024) (hereinafter “July 2 Order”).

² July 2 Order at *1, 18–20, 22–23, 55.

³ Images and population summary and other data for the Proposed Senate Plan are attached as Exhibit A, and for the Proposed House Plan as Exhibit B. The full

Plaintiffs’ proposed remedial plans comply with the Court’s order and remedy vote dilution in each of the areas where it was proven by adding an additional Black-majority district in which Black voters will have an opportunity to elect candidates of their choice despite high levels of racially polarized voting. These plans leave most districts unchanged (ensuring no special elections in those districts) and pair a minimal number of incumbent legislators.

We urge the Legislature to adopt these plans and to ensure that any plans that are enacted comply fully with the Court’s order—an order that the State did not appeal. Adopting fully compliant Senate and House plans that add three additional Black-majority districts where Black voters can elect candidates of choice will not only demonstrate leadership and good governance, but will avoid the financial cost, drama, and uncertainty of further litigation.

While Plaintiffs retain the right to object to any plans enacted by the Legislature that do not fully comply with the Court’s order and the VRA, it is our hope that the Legislature, consistent with the Court’s order, can fulfill its duty to enact compliant and lawful maps. We stand ready to help the Legislature achieve that goal. We offer these proposed remedial plans in that spirit.

Proposed Senate Plan

The three-judge Court found Section 2 vote dilution violations in two areas of the Senate map, both of which require remediation by creating an additional Black-majority district in each of those areas.

Plaintiffs’ Proposed Senate Plan fully remedies the vote dilution proven at trial by adding two new majority-Black districts that are nearly identical to the illustrative districts offered at trial, which the Court concluded were reasonably configured—one anchored in DeSoto County and the other in Hattiesburg.⁴ In all, Plaintiffs’ Proposed Senate Plan changes the boundaries of 17 districts,⁵ although the vast majority of Mississippians (86%) remain in the same Senate district.⁶ Plaintiffs’ Proposed Senate Plan performs better than or comparably to the 2022-enacted Senate Plan on

Block Equivalency Files associated with the proposed maps can be found here: <https://www.aclu-ms.org/en/press-releases/statement-legislative-redistricting-proposal>.

⁴ July 2 Order at *19, 20; Ex. A at 2, 4; Ex. B at 2.

⁵ The changed Senate Districts are: 1, 2, 8, 9, 10, 11, 14, 19, 24, 31, 33, 34, 36, 42, 43, 44, and 45. Ex. A at 6–14.

⁶ See Ex. A at 6–14.

county,⁷ municipal,⁸ and precinct splits⁹ and scores similarly on mathematical measurements of district shape compactness.¹⁰

Critically, Plaintiffs' Proposed Senate Plan ensures compliance with Section 2 by adding the two new Black-majority districts *while maintaining all existing Black-majority districts as opportunity districts where Black voters can elect candidates of choice despite racially polarized voting patterns.*

Across the Proposed Senate Plan, 11 of the existing 14 Black-majority Senate districts are identical to the 2022-enacted plan. The other three are altered but continue to provide Black voters with opportunities to elect chosen candidates.

In the DeSoto County area, a new Black-majority Senate District 2 is created by combining Tunica County and the western portion of DeSoto County, including Horn Lake and parts of Southaven, as in the illustrative plan presented at trial that the Court determined was reasonably configured.¹¹ Existing Black-majority Senate District 11, which under the 2022-enacted Senate Plan had included Tunica County and part of DeSoto County, instead takes in Panola County, with that district's Black-voting-age percentage ("BVAP") remaining at over 59%.¹² Existing Black-majority Senate District 24, which had previously included Panola County, instead takes in parts of Grenada County, including the City of Grenada, maintaining a BVAP of just over 61%.¹³ In order to ensure that the new Black-majority Senate District 2 does not have an incumbent already placed in it, two incumbents in DeSoto County are paired in District 19 (although other alternative configurations of the existing districts in DeSoto County or the area west of DeSoto County could unpair them).

As Plaintiffs' Proposed Senate Plan demonstrates, it is indisputable that a new Black-majority Senate District 2, anchored in DeSoto County, can be added *while maintaining all existing Black-majority Senate Districts in and around the Mississippi Delta area.* Moreover, the trial evidence and additional analysis conducted by the Plaintiffs demonstrates that the modified versions of Senate Districts 11 and 24 in the Proposed Senate Plan continue to allow Black voters to elect candidates of choice in each of those districts. Creating an *additional* Black-majority Senate district in this area, as the Proposed Senate Plan does, is what the

¹¹ July 2 Order at *19; Ex. A at 2, 53–61.

¹² Ex. A at 62.

¹³ Ex. A at 62.

Court's order and the VRA require.

In the Hattiesburg area, a new Black-majority Senate District 45 is created, anchored firmly in Hattiesburg, again, very similar to the illustrative district in that area presented at trial that the Court determined was reasonably configured.¹⁴ The district's population is entirely from Forrest and Lamar Counties and almost entirely from the City of Hattiesburg as well as West Hattiesburg. Existing Black-majority Senate District 34, which under the 2022-enacted Senate Plan had included portions of Hattiesburg, continues to include portions of Jones County (including the City of Laurel) and Jasper County, and also picks up portions of neighboring Clarke County and Wayne County including Waynesboro. The BVAP of Senate District 34 under Plaintiffs' Proposed Senate Plan remains over 55%¹⁵—a level that both the trial evidence and subsequent analysis show will continue to allow Black voters a full opportunity to elect candidates of choice. As with the DeSoto County area, the reconfiguration of the Hattiesburg area and the creation of a new Black-majority district with no existing incumbent results in the pairing of two incumbents in Senate District 44.

Proposed House Plan

The three-judge Court found Section 2 vote dilution with respect to the House map in the area around Chickasaw and Monroe Counties. The Proposed House Plan fully remedies the vote dilution proven at trial by adding a new majority-Black District 22 that is very similar to the illustrative district offered at trial that the Court determined to be reasonably configured.¹⁶ This configuration does not pair any incumbents and maintains existing Black-majority districts in the area.

The Proposed House plan changes only eight districts in total, with 98% of Mississippians remaining in the same House district.¹⁷ It performs better than or comparably to the 2022-enacted House Plan on county,¹⁸ municipal,¹⁹ and precinct splits²⁰ and scores similarly on mathematical measurements of district shape compactness.²¹

¹⁴ July 2 Order at *20; Ex. A at 4, 53–61.

¹⁵ Ex. A at 63.

¹⁶ July 2 Order at *22–23; Ex. B at 2, 73–90.

¹⁷ The changed House Districts are: 15, 16, 17, 22, 36, 37, 39, and 41. Ex. B at 4–24.

¹⁸ Ex. B at 35–37.

¹⁹ Ex. B at 38–45.

²⁰ Ex. B at 46–72.

²¹ Ex. B at 25–34.

As with the Proposed Senate Plan, the Proposed House Plan ensures compliance with Section 2 by adding a new Black-majority district *while maintaining all existing Black-majority districts as performance districts where Black voters can elect candidates of choice.*

A new Black-majority House District 22 is created in Chickasaw and Monroe Counties, including Okolona, Houston, and Aberdeen. To the north, existing Black-majority District 16, which had previously contained part of Chickasaw County, shifts entirely into Lee County, taking in more of the area around Tupelo, and maintaining a BVAP of approximately 57%.²² To the south, existing Black-majority District 36, which had contained parts of Chickasaw and Monroe in addition to Clay County, takes in more of Lowndes County, picking up part of downtown Columbus, and maintaining a BVAP of approximately 55.5%.²³ The trial evidence and subsequent analysis show that these configurations will continue to allow Black voters an opportunity to elect candidates of choice in HDs 16 and 36. In addition, the shift in the Columbus area alters the lines of existing Black-majority House District 41, but the BVAP of that district remains well over 60%.²⁴

Special Elections

In addition to providing the Legislature with an opportunity to remedy the vote dilution proven at trial by adding new Black-majority legislative districts during the 2025 legislative session, the three-judge Court also stated that the Legislature can select a date and procedure for special elections in 2025.²⁵

As the Court recognized in its July 18 Order, Mississippi law contains an existing procedure for filling vacancies via special election—a process which may be utilized to elect legislators in districts affected by changes to the House and Senate plans.²⁶ That process is triggered when the Governor issues a writ and sets a special election with 60 days’ notice to fill a vacancy.²⁷ Candidates must qualify to run 50

²² Ex. B at 92.

²³ Ex. B at 93.

²⁴ Ex. B at 93.

²⁵ *Mississippi State Conf. of Nat’l Ass’n for Advancement of Colored People v. State Bd. of Election Commissioners*, No. 3:22-CV-734-DPJ-HSO-LHS, 2024 WL 3460116, at *3–4 (S.D. Miss. July 18, 2024) (hereinafter “July 18 Order”) (“Because there are no general, statewide elections in 2025, the Mississippi Legislature must also determine the most appropriate dates in 2025 for elections in the affected districts.”).

²⁶ July 18 Order at *2.

²⁷ Miss. Code Ann. § 23-15-851.

days before the election, and if only one candidate is qualified to run, the State Board of Election Commissioners (“SBEC”) shall cancel the special election, and the Governor shall appoint that lone candidate to fill the vacancy.²⁸ If a special election is held, all qualified candidates (of any party) would run in the same special election, without any party labels on the ballot.²⁹ If no candidate wins a majority of the vote, the top two vote-earners proceed to a run-off election four weeks later.³⁰

In the alternative, an election calendar could be set that incorporates partisan primaries prior to the general election.

We urge the Legislature to set elections for the altered districts for November 4, 2025 (indeed, several special elections for state legislative seats have already been set for that date).³¹ We take no position at this time on whether party primaries should be used, provided that there is sufficient time to hold special elections in 2025, but we do note that, whether or not party primaries are used, allowing the SBEC to cancel a special election in the event that there is only one qualifying candidate could conserve public resources and reduce the number of special elections that need to be held as a result of the adoption of remedial plans.

Conclusion

We urge the Legislature to adopt a plan that fully complies with the Court’s order and remedies the vote dilution proven at trial. Plaintiffs’ Proposed Senate and House Plans do that. Enacting a remedial plan like this one that fully remedies vote dilution will mean a swift, efficient, and just resolution of the remedial process for Mississippi taxpayers and Mississippi voters. Enacting a plan that fails to add the additional Black-majority districts—and thus fails to remedy the vote dilution proven at trial—will violate the Court’s order and lead to further, unnecessary litigation.

We remain ready and eager to work with the Legislature to ensure passage of a complete remedy along the lines of this proposal.

Plan Name: MS_House_Cooper_62422

Plan Type:

Core Constituencies

Thursday, January 9, 2025

3:02 PM

From Plan: **MS_House_ACLURemedy_010
925**

Plan: MS_House_Cooper_62422, District 001 -- 23,965 Total Population

	Population	[18+_Pop]
Dist. 1	23,965 (100.00%)	18,942 (100.00%)
Total and % Population		18,942 (79.04%)

Plan: MS_House_Cooper_62422, District 002 -- 23,089 Total Population

	Population	[18+_Pop]
Dist. 2	23,089 (100.00%)	17,753 (100.00%)
Total and % Population		17,753 (76.89%)

Plan: MS_House_Cooper_62422, District 003 -- 23,066 Total Population

	Population	[18+_Pop]
Dist. 3	23,066 (100.00%)	17,923 (100.00%)
Total and % Population		17,923 (77.70%)

Plan: MS_House_Cooper_62422, District 004 -- 23,122 Total Population

	Population	[18+_Pop]
Dist. 4	23,122 (100.00%)	17,768 (100.00%)
Total and % Population		17,768 (76.84%)

Plan: MS_House_Cooper_62422, District 005 -- 23,345 Total Population

	Population	[18+_Pop]
Dist. 5	23,345 (100.00%)	18,730 (100.00%)
Total and % Population		18,730 (80.23%)

Plan: MS_House_Cooper_62422, District 006 -- 23,733 Total Population

	Population	[18+_Pop]
Dist. 6	23,733 (100.00%)	17,739 (100.00%)
Total and % Population		17,739 (74.74%)

Plan: MS_House_Cooper_62422, District 007 -- 24,015 Total Population

	Population	[18+_Pop]
